LETTERS

From Fran Caseley (June Rowe's daughter) of Launceston

The trigutes to Num means a lot to me and my stores.

Through you and your magazine I would like to say a big thank you to all the people who made Mum size they years so interesting I don't think sale had a lot of time for the "real" would be the world of abstractions gave her a let of assistance on finesy time. Find

Tim not certain where she is now but I am certain that there are still dragons and trolls somewhere in the vicinity as well as movimized to climb and charant to cross. I hope she does not find hereeff in the arms station as the chap in a short story I found when certain out fluids withings I enclose a photocopy of it as I think it will aimless you if

you have not seen if before.
Thank you again for your friendship.

If has all been said so I will simply promise to publish with your permission the story as soon as I can find space it is a typical June Rowe story – a wonderful misight stor her 'world' (Barbara)

From Lee Morrall of Heath Hayes .... This is a message for all readers of Probe I'm currently writing my latest garry for the

Commodore in BASIC its a reasonably amonous project (in two perts) entered "Underwoold 
— A cyber-adventure". I have almost completed the first pert, but I need some help in 
creating a Swell-buck opport to deal or labe.

In one of thy games someone who was a talented matchine code programmer (John Wells).

added a rivo routine which allowed ramasive, ramiced and normal cave and load of game poetion.

A repetition of the would be welcome but if anyone knows a BASIC routine to asve your game position (i.e. all variables and conditions) to tape or disc – could they please let me arrow?

If they dwn a Commodore B4(128 they will be rewarded with a free copy of the game flive).

pertial as soon as it is completed (possibly in Assume). That is unless their name is Daman Steele who has been promised a free copy arriably. (Pan One should be on the way to you soon; Daman, for you to check our and comment on ).

Anyone who helps me who doesn't own the marvellous CS4 will have to settle for my marshill marks. Also offers residen?

Flamyone can help please contact (set at 50 Cannock Road) heath hayes Cannock Staffs WS12 SHO. If they don't own a DS4 they can pick admething from Adventure Probe Software or from Propole's lahelf apol." of garves (Sambara)

#### From Jean Childs of Bagsho! ...

Duties to include cleaning, washing, serving, cooking, sweeping-up, polishing and purchasing. Would suit unemployed octopus. Apply Box 116

....

in a moment of madess, it recarrily stated I was going to start writing games for the PC in point of fact I DD with a game but the ubidy I amproyed to write the game left a lot to be exerced to set the least.

The game due to this saliny was "unitdy", lacked lastre had no modified font there was no Ram Save or Ram Load facility, and solved sound and colour effects. While realizing not everyone likes these beeps and name and falling evens, they do add a modicum of facir to a came!

Securac of all of these factors and more importantly. I let like a deserter, I have gone back to writing for the Spectrum on the ever-desthill CULL and those of you who know my garnes will have persyn to look overed to "THE WELL OF ZOL, is soon to be averable and I promise all of you never to desert the Spectrum schole span – will not until the last Spectrum.

Thanks to everyone who has supported me and played my games - as Al Joleon once said "You win't seen nothin' yell." Seet wishes

This is wonderful news, and from what I have seen of Laurence's new game it is well up to his usual high standard.

I don't have her many Arriga and PC owners are still playing these great less construent using this Specified methods of by the Nerth Third it, why not peen it also I understand they are quite easily to look when you get to know the systems and the quality of wramp as retrained very high maybe cover bears in a few years ago. There is nothing qualit like relating a few words on the scales and feel thyto to reage which the author would like you to feel and in. (Manages).

From Conan the Librarian lately of South Stanley ....

To Uncle Horace – having eeen your letter in Proba, I'll sell you the Horace beby, I WILL bring you in – deed or alive Your pitful pleas for assessance or information will come to naught.

Your slight at my chart success didn't) go unnotated and heart holipsot your cause affer. It is just so happent their my? Inch. artised "It's a blook it is fe' was only artised when the solibilisher couldn't cope with demand and had a breakdown - I we never heard from him more the death forms the seyurif is would here been a number on death was 60 that is Just remember that. You are long overdise and a penalty will be leved. Keep looking over your shoulder.

## JOKE sent in by ELLEN MAHON

Question. What do you call a dragon after it's one year old?

Answer Two !

From Damer Steele of Pageton

I know you like to receive feedback about the magazine, so a few words about the July result.

As usual - and I know it must be difficult to marriain - a good selection of reviews for a

valiety of machines. Of course I noticed Lee Morral is review of my game Rouge Moget II.

His points were well made and welcome – aven the criticalns.

Thought Many Soot-Parker's atom: Name I, June Potton, was brilliant. It was amuse no and

Thought Many Soot-Parker's atom: Name I, June Potton, was brilliant. It was amuse no and

angrowing and perhaps slightly Prathetiseque. I seel tones of Wischas Abroad in there, But newerholess I can't wast for the next instalment.

Jean Childre laternative ending for the Life of Ginnwold story was excellent. She obviously have a flar for story slating of Jeal with hat adventurals were available for the CR4 to see if the

writes those in the same way.

I feel that Peter Clarks "Pete's Disgon" poem deserves a mention. Well written and withy in please Hearing that, I know that writing in throme is not easy to do – so well done to Peter.

"And now for comething completely diffusion" serims appropriate to move onto the subject of the Planescale Release, this has been not of the more among and imaging sections of the artise magazine. Finalize that these massages are convoicing personals but of low to the artise value time of those people are responsibly those threatming the life and after of my femind Conan the Liberary! I show I hawshire found my femind Conan the Liberary!

attention. The remainder is, as ever, of a high and impressive quality.

Long may you remain editor.

. ..

I think the Personals should remain just that, personal. If anyone cares to "go public" that is their decision, but I im not going so say who they are.

I can only publish what I receive and can take no credit for the auperb quality of

I can only pubblish what I proceed and can take no credit for the aujorst quality of contributions it have the privilege of slying up each mornh I by to include sometring for everyons, and if gets quite difficult to decide what must well will the next month. Next been coming in —many of you have remed your subscriptions for mothers. I Temoritis, so I will have to keep Probe going until at least this time next year — and I have every similar or continuing well show but so I sto entancy but do need the support of every restarce (flactions).

### REVIEWS

## THE ARMCHAIR ADVENTURER (for PC owners)

## Edited by Tim Kemp

#### Reviewed by Jill Nott

I am serrified of my PC My husband performs all kinds of miracies with it, my sons say is taken all the strain out of homework, and my daughter enters the study with a few soldpo of paper and emerges a few hours laser with a 3,000 world dissertation that looks as if it has arrived from a poin printer is.

For months they waxed lyncal about the upstate miracle and for months it resolvery refused to go pear it. Then care the day were a focusing some PC adventure games. They were excelering games, all these of them and it should have been proceed but levens if they pother creating files unappear codes and obsering an unsamable mouse when it could lead up an avening a effortament by small pressing two buttons on the Speciation.

At this is just a long winded way of saying that I probably bought for this relief of Timhamp in new hybrid THE ARCHANT ADVENTURER for probably the wrong reason I obtained to such the adventure of and leave the result in tac in as all time. If not love fearly to be headling into those underlined SC wears, confident enough to have another peace, equind "hybrid" is Time own description if his new versure at TAA compresses a 40 open measure.

"Hybrid is Tims own description of his new vertupe as TAA comprises a 40 page magazine with a fixer PD or shareware disk (issue one comes with two disks). It costs £2 each issue and comes out every other month.

I very much liked the appearance able and content of Timis earlier publication for the Societim adversarier. FROM BEYOND and broad the fangine pain of TAA would be much the same it is 45 in size with pages of two columns. I contains a size duct tested compute of regular features (editoral) news information and letters; miners special features made solutions and the contract of the contract o

The reviews are particularly impressive. The leaven in issue one are detailed and jengtry enough to do justoe to the hupe games trey describe and may preven prospective buven making some expensive missions. Many of the games reviewed cost between EQS and ESC.

enough to do justice to the huge games tray describe and may prevent prospective buven making some expensive matisses. Many of the games reviewed cost between 226 and 660 such so an opinion from extreme who knows the game is invaluable. Bisewhere in the magazine there is a feature on shareware adventioning is according.

Assolute beginners. Visit proof instructions for loading the first dask and a far bit more And now on 10 the first dask [7] They comain the insugnatively stock QDVSS1 and two nice Zamong pooders. A LEGACY FOR ALAPIC and MAGIC INSIG. Reservers can choose their own first dask need the from a lat of 31 othered and Tim says he will be adding substantially to the last as the goes of the dask of the d

All in all I Tunk TAA is a worthy addition to the adventure scene and hope he gets plenty of support.

The etrory behalf the came is cute association. You have been

found guilty of committing a sensus onme. However, ance the jury a verded of "Builty" was not unanimous article 27 of the Greater Lews of Earth has been invoked in your defence Simply, this means that you will be transported to the galactic.

Phase Planet and will be given the chance to escape and return to Earth where, if you are auccessful you will receive an official Pardon. A sort of Trial by Crosel if you will. Part One state with you or the Awakering Chamber. The prescribed dugs have been administered to you as you one throw here son, we have have serroreous, exerting administered to you as you one.

where you are of what you should do
in the very need location, however, is a somewhat fortutiously placed CD player which when
estivated informs you that. "You must now find your way to the planets space port. Your task
will be difficult but not impossible." I you fail you will de."

Examining my immediate surrounds I abon found earths interesting places to vant the objects bit the sepondrime bit, for example, and objects, part waters to be matched to the problems set. Whiteir in the physics list. I closely examined, a better and found a selection under it assemped everturer who don't immarps to complete the game no object. When I sheet to get the assention in crumbed to dust into when I threat to get the dust, it hocked from between my Angrey I pathweet that I shear in meant to get the assention.

One area in the game cannot be entend until you are weating the right clicking, and it is in the area that the means of using a lift (discovered elsewhere) can be found This is assuming of course. Did a power supply to being generated.

I found an office which had a case inside of — thinks a key of course. It's greby area to find lift of the course of the course of the course of the first press which I had discovered lift of the course of the course of the course of the first press which I had discovered.

was a thermal lance, so, the actions was obvious absurdly arriple I decided to cut through the safe with the lance Guess what Basteries were not included (where have I heard that before?)

Beentaally, you may find a plastic card which will allow you to make use of the treappoint, and unit will fill then he moved in a housewas sea, and the transpoint them is not of the

exeminary you may mine a passed card winton will allow you be make use of the trasporting and you will filter be moved to a burneas series — and the transporter here is not of other. Once you we explored your new surroundings you'll find a how! It is worth white not to be in too much of a rint at this point, since there is some valuable self-times on to obtained and once obtained spread upon a distance automate the contraction of the property of the property

Having overcome the problems set in the hotel, leader out for the coop, you will leave with a bounce in your windor - and a valid than test in your peoper, taking your way to the train station, you'll be your in the 10 coster your train although, you'll lose most of your possessions when you lead above.

After a short journey, you're reach the End of the Line and have to per out of the train You end up on a busy road, and the space points eighposted. Obviously, this is your cestimation, and it is also End of End of the Th

Parl Two begins with the advice that: "Your problem is to get inside the scace station. Even then your problems have only sust begun. To get begin to Planet Earth, I was assured it. would need "all my cunning and a large alice of luck."

Soon after starting part two. I found a tree in a cleaning near the perimeter fenor which surrounds the apace port. Obviously if has to be climbed - unfortunately the tree a trung was too smooth and I slid down into the bremble bush below. No doubt about it a need expenence

Not long afterwards. I was on my way again albeit on hands and knees - and at this point (1) break a rule and give a hint - you need to have an object from part one. Without it you're not going to get much further. Once past an unfriendly animal I was in the space port my destination. This was almost acrossly I found the armount and decided that armono mirecil would be a good idea. Unfortunately the locker which, I was certain, hald all kinds of handy biasters before etc. was securely locked to prevent such theft if found such a supportunit attitude on the part of the authorities deplorable)

I explored the crews' quarters, and it wasn't that long before I was arrested and imprisoned. I wasn't string to sever the nem in question, you understand, I was merely trying to get a better look et f. Himmin, more thicky this part..... I decided that I wouldn't fall for enother audden death so I explored some more. The

Security Officer's office seemed interesting so I went in - and I was spotted and grabbed by the guards. Say no more Once I carried access to the office. I was on the right track egant, and not long afterwards. I found myself at the isunch pad armed with a laser oun.

Certain that I was ready now to make my break for Earth and a Pardon. I showed my I.D. to the security guard - and he recognized me as an impostor even with my apace aux and beimet on ...

Oh well beck to the drewing board! I found my metake, and managed to get past the guard. The rest of the game, I was cersion would be a peece of cake ....

Overall the game plays very amountly is bug-free and didn't contain any apalians grammatical errors. As far as I am aware, it is available on disc only and runs under CPM. I don't know if a tape version is planned but I hope it is I found it to be a really enjoyable adventure, and it would be a shame if 454 owners were denied the chance to play it. It is not so much a difficult adventure, as one which provokes a little thought. All the problems are very logical and solvable. Worth the asking price, and well worth biassing

#### THE FINAL BATTLE

### Written by Martin Freemantie

Reviewed by Phill Ramsay on an Amstrad CPC

This is as you might pather from the title the final part of the Dragon Slaver Trilogy You must conside your battle adainst evi on behalf of the Circle of the Nine. Your ultimate goal in to make your way to Castle Rock find the Medalison, and dispose of the black goods king. This patte will not be fruitful with

conventional weapons, but with skill curning and even a little magic There are many dangers and obstacles to be overcome, and should you fail in your quest. then the tate of man will be to be ruled by a tyranny which for surpasses any evi ever before

The game has been converted to Ametrad former using the PAW, which means that the game runs under CPM and is only available on disc

You start off south of an Ivory Tower, to which you cannot gain access, so an exploration of your emmediate aumoundings is a good idea. Having east that not very far from the east

you'll be surprised for not now that I've given it away) by the audden appearance of a goodin. An unfriendly gobin An unfriendly mallet-carrying gobin. Should you stay too long with him. you'll soon find the mailet cruehing your akuli and the game a over before you've even solved engines So as soon as you find the gobien or he finds you (depending on your wewpoint) you must

figure out a way to get the better of him. You can always use the tried and trusted method of evording a gobbn (frequently utilised i believe by Gramwold the dwarf) running away Unfortunately this is a very determined unfriendly gobin, and he'll start searching for you. If you don't manage to work out how to avoid him then you will appr make interest. acquaintance with the mater, which will apater your brains all over the place Again it will be end of game before you've managed to go anything. One most worth

mentioning is that the game supports (as well as the usual load and save community) Ramiosd and Ramsave and when you die (yes you will you are offered a resurrection to your last remewed position in the early part of the game, assuming that you manage to get the better of the gobbin, wor'll

soon have other problems to overcome I gutte enjoyed finding the door in the tree and ubsetting the dwarf who lived inside a iden't you just sove to irritate diverges?

Eventually having obtained some necessary terms from the wood and around about it will seem as though you've exhausted all possible routes and cannot proceed further into the map. However if you look in the right place whilst manipulating the right object, you'll find a hitherto unnoticed axif which is the key to congruing deeper into the game. Another name which I think is worth mentioning is that the Examine command for XI in MOT exposurable

with the SSARCH command so it is as well to do both or you may mass something year When you find the shack you will also find a woman who will help you in return for a present. Care around be taken at this point since again this is a situation which will allow you to open up another section of the manThere was a second opporturity to imitate the owarf and then, by a back-stoor routs, I ended up in Wislow Wood. From there it is not too far to a witterd who has a couple of sems which you need wand one in particular which will transport you to Castle rock, one of the objects of word maket.

From this point on, you will find several goblens appearing at various points within the castle. They are unstormly unformedly, and each will given helf a chance. Mill you. Amongs: others there is one who will man his evend into your guts, another who will have you find to ceath and we enother who will push you into a lake of acid.

is being guarded by , yes, a gobin. Getting past firm inn't guite as easy as it might seem, but the solution inn't terribily difficult. One of the problems which I liked was the lake of soid, beyond which is the armount which

you definisely need to visit. But how do you get pest the oblisticle which the acid prevents? Further on in the game, you find yourself in a pessage which ears to close in on you. Both easts are blocked and your time is very larned: If you manage to survive his problem their you will find a hole in the floor. You appear to have come to a pead and but examining throw, resettify, but liked you in a reference:

Taking this route, you'll meet yet another gobbin, and of course, the salt list you. Not very threndy types, these gobbins, Setting past this one is premion a shape more official than the earlier problems. However if you do owncome it, you will be very close to completing the quest, and belong on the gobbin king. It lound the gather to be quite expectable to play and addictive once I had solved the problem.

I found the gazer's to did quies employated to pay, and additional control has addition to produce with the first globals. There are around about locations and the problems which have been thought up are very well presented, yet each solution is quite logical.

Never enhancing much have mobilems with the cares but intermediate and advanced.

## HADES

## Written by Phillip Ramsay

take HFR niene in Hattes

found each and even one of them.

Reviewed by Files Mehon on an Amstrad 464 For as long as you can remember, you Trains have loved Penna Unforumenty you have a rival for Penna's affections -Greion & undertur feline who when Danne chose way He powoned Penns and framed you for her murder!

Found quity of this terrible come, was are sentenced to death. Breats carry out this sentences by throwing you down a deep well, knowing that if the fall shall rivers titll you than you'll die of thest - as the well is dry Somethow you auryou the tall and resum yourself to a slow and perrful death from thirst. Suddenly Hades. God of the Underworld appears before you. He tells you that whitet he had every sympathy for the structure you have suffered he will not interfere with the rulings of the Overworld - Unless that is you can prove yourself to him. To do this you must make your way to his pastle in Harles, and present warried in his throng room. (Sounds easy, doesn't it? Ha! Don't you believe it...) Should you manage to do thus Hades will reuner you with Penna and return you both to the Overworld Grakus will then

Your journey to Hades begins on the west bank of the river Stor. Many shades surround you Your only ext is north Exprenne the benks you will soon find the ferry and Charon the ferryman washed to collect the feres for the trip across the Styx into Hades. Charon takes his job as terruman VFRY servicely. (For servicely in my council his one or allowed a "free passage" into Hades. Even after removing my tions and giving Charge a "out and a work" I STILL ween't allowed on board. (Mind you he did gaze at me intently )

Finding the ferry-fare is a real problem. Not made any easier by those ahades. Every time I found my "terry-face" they came along and purched at After hours a class more like if I'm horsest - of total frustration trying to board the ferry and being folied each time by those penny pinching shades. I thought to myself. "Who NEEDS a ferry to cross the Stor?" II did. I did I did() and gave Traius the instruction 'awim river' Unforumately Traius proved to be

even worse at swimming than I am - you've guessed it - 'end of game' (At least I was still at the start of the adverture. Further exploration of the west banks of the Stox (yup. STILL, on the west banks of the Stox) you about meet comence who'll one you a much needed need of above. Once the meeting a over a whole new world should open up before you and you'll discover Arcadia, Exploring the woods and glades of Arcadia you'll find (amongs) other things) a pair of shoes. and a dead mouse. The mouse proves to be a very samy anack mode. I DIDN'T by to eat a -YUK; for someone who lives in the woods. In return he ill tell you something that you need to

know later on in the advernure You will also "stumble upon Pan who won't be too happy to see you. He will however lift you're lucky! assist you on your journey.

Finally being able to board the term (thanks to Philli I arrived in Hades, If I thought I'd had problems at the start of the game I was wrong - very wrong. This was where my REAL problems started! There are gute a few?"! "sudden deaths" in the game. Somenow I throw I Mind you Phill was well and truly "told of" each land every time ! " died"

Satisty(2) pest Cerberus - the quardian of Hades you'll meet firrer gods. Speaking to the right one: you'll be fold you can construe on your quest, Contribut to "die" more like ... in MY case anyway, (Marghe I should have stayed in the well.....)

Once in the cettle you'll discover a strange room full of mirrors – one look should be more train enough? These are also two chambers to find, one of crystal, and the other of gold beamining the pillars in the was half, you'll find the soul of Penna.

An eas found in the castle had me complaining to PRII IddANY - you'd have thought he'd hear stand up his letter-box by now wouldn't you...) this time under the Trinde Description Act. Faulty goods and theil and of thing (VERY study goods if you ask me). Passing brough is "peculiar" set you will meet Persephone. Aphrodes and Adorss... (Where the hard was Haltes.)

the rack was makes...)
Finally presuming impedit in the throne room of the castle had the breathing a HUSE sign of relating no more "sudden deaths" to worry about II don't think I we were played an adventure where I we "final" case so other, intellig you. I know ONE person which fourt my menty destribes in the game VERY futury - don't deep X, PRII, 'cos you know if is truetly by the end of the advertiser II become reads in extensions of the single "of "chirp".

Personally, I think I HUDES has a few too many; audion deaths within the gare—or maybe in just "found" too many of them if this sear the open steps well and will hear you constitutely your head for the answer to one or two of the problems - unless you have a little includingly of direct impossing yielding pages they are not found on their NOT too. In off for another basis Maybe, past maybe, I'll make it to the throne room in one pace this time - unless thom are not "subden deaths," that I we make it to the throne room in one pace this time.

## HOW TO LOAD IN THE SPECTRUM EMULATOR

ON A PC by THE GRUE!

## First make a new directory on your hard-crive called z80 and z80

Now put the emulator disk in your flooply drive (presumably it will be drive A.) then copy the contents of the flooply to your new 280 directory copy a 1.7 c/1250.

Now you will have to unout the amujator

pkunzo x80-201

To start the amulator all you have to do is type x80 and his return.

Once the emulator has staned if you press F10 you will get a menu. From this menu press. Lifer lead, than type in the name of the game you wish to play i.e. abril. Once you have done this press B and you will be able to play the game.

Although I did get the emilation running without any robolems, make any you need all the test files that come with a siyou might need to suit this autistion with one of the extrems to overcome a problem with your PC. These problems can be caused mostly by the PCs graphites case? For maken with my particular and a 280 may to call but indeed in had to use the -vive weeks to arabite the display to become full content. The heat files are very componential, profit in a sum you read them before you think the amultions will not set with your maken, just thisse sum you read them before you think the amultions will not set with your maken.

The only other problem? I ned was after the general had leaded. I had difficulty system on contressed as: "When I presend a letter on the supposed in fourth I had above 5 of that personal letter on my screen. No matter how central I was present my supposed the letter repeated need insurances thereof the central spent is large and not the time bedskipping, which was annowing 1 could be because my machine as a DXX-56, but I couldn't find a way of stopping if from happening.

## KERRYL'S LOVE POTION - PART 2 (guaranteed 99% recycled humour) by MARY SCOTT-PARKER

"Now then homework" said Myrlon is week later, as the end of the lesson bell rann Secure in his new position as school heart-throb, he fashed the class a disarming amin that are all the female hearts fluttering and stirred one or two male bits as well. "Make up a smole flying poten and we'll try them out next lesson."

"Yan Kernif?" Mirrion fixed her with a sapphine stare that doubled her name rate and almost robbed her of the power of speech

"is f., erm ...ell nght if I keep your book a little longer. I haven't finished copying out all the spells?" She mensoed a brief firtabous futer of her land, dark evenables, before accounts her gaze in case she meted shopether in the seering heat of those two orbs, which would

"Bring it to my room after tex" he amouldered and was pone

Surely she hadn't imagined the extra husky quality of his voice and those justful vibrations that had surely shaken the whole room. "Did you see the?" she wheepered to Darrys, as they passed their books. "His even stropped

of my clothes and human post into my and ! "Probably a touch of indipersion" said Darrys prumpily

returned and set another out on the table beside her

At seven o'clock. Kerryl's hand was ahaking so much she could hardly press the bell on the wall beside the words Wiz M. Brandvish. As if by mapic - in fact it probably was many come to think of \$ - the door opened.

"Come in " commanded a deen, husky where Somehow Kernyl's legs carried her shede the room to where a little table was set in front of a loc fire. Myrton received har from the depths of an armichair by the fire, his eyes roaming latily over har body, setting alight every nerve ending and one or two other things that she

ween't too sure about. Ween't be hand he indicated the chair on the other aris of the fire "Please of rivers and let me not you some Dession Flower his - you do his it I have MY his smile was gently teasure

"Love E" she arrived nervously eware that his eyes were devounne even inch of her lathough 36 of them in particular grabbed most of his attention; All thoughts of sensitive conversation had fied. Her brein seemed to have gone on strike

"Ill just bring another quo." He leaned over and patied her thigh. "Just make yourself confortable." he breathed "I'll he note hery." The heat of her hand human year has been been eves their public considerably dilated were gazing hypnotically into hers and ahe aimost ferred with desire. Automatically closing the eyes, ahe purpled sowards him When eye corned them, he was gone and she heard the rathe of cups in the next room. Sudgency she remembered the love poson and whippens out the little phial sine emptied it imp his bis. He "help yourself to augar my dear athrough" he smired sifely "you look awest enough to me aiready". He set down and was just about to pick up his out when the opprised hand. Kerryl's heart sank. Who on earth could that be interruoring at such a crucial moment if it was Darrys she would kill her.

The door opened assimingly of its own accord to reveal the oldest and least popular Wittand in the action) Wittand Witt Striding over to the fire he held out his bony hands and rubbed

them together
"Develop cold en Brandysh i need to borrow some Witch-beine

Myrion rearranged his features into something resembling a smile of wrictome livel, as close as he could manage under the circumstances, and getting to his feet, he indicated his char. "Do at down "Wiy, and have some Passion Flower tea." If yet myraye some some or the size of the contract of the contr

Kingly weekhed in homore as Wased Way, reached out his hand and field Myllonis cop. "Reasons Flower he, on?" his growed at her "its years muce I had the nikelike". Dearing the less in one guip the set the cup down on the 'tay agent Kenry' waterieth his flow in surrined sistence it he eyes seemed to grow more surrinous and began to be breakle. The workles on his face seemed to become less....orm writing and he winited - an unbest of event in the haboly of Social-IRIS (socially his seement of twee Kenry's in a new light and for deems in the haboly of Social-IRIS (socially his seement on twee Kenry's in a new light and for the second of the seemed to the second of the seement of the second of the second

skerry lead up in alarm "I\_erm must go I ve...erm got an appointment..... She reached the door with Wazard Wyx hot on her heels yast as Myrton earne back imo the room.

"Come back" pensed Woard Wyx "hou don't underswad,"
"Chi, yes I do "matered herry, as ane nathed into titroly a cave "ETHYL" ane anouted hoping against hope that it wasn titrolog night, "ETHYL" HELP, something a gone wrong!"
"All "issuinched firmy from the ceptus of the records of the record of the records of the record

nght for faughing at Did Ethyl I put my own ware into 't poton Now he'll be mad in love wi me!"
"What?" Kerryl stopped dead. "What did you say "YDUR Herk?"

"West" hosted Birty. "Good trick wasn't IP Ha. Ha.." She heard the sound of galloping footstags. "Come in ansatom I'm ready and waths."

footstaps: "Come in andsom I'm ready and wastin."
"Here I am. Etnyl me derin." panted Wissed Wys. stumbling into the cave: "Come and girmen a big lass.

Kernyl headed for the door "KERBYL" anneked Erryl as Wigard Wyx fung hamself on top of the rocking sherr making is grown in protest "don't go – pass mel soch book and I II reverse it specifies or "Somy Brys" (appled kernyl "Td love to but I san't The got an urgent appointment with a

great in protest "don't go - pass me soch book and I il inventer 1 spell.
"Somy fittly," grighted herry! "I'd love to but I can't. I've got an urgani appointment with a cup of Passion Flower stall by the way. I hope you remembered to but in this Super-Ramnoc erops!"

## SOMA - PART 11 by DICK REPPIT

The ream goiney was unhearful. It was accompanied by chearly lealings and purchased or mady possioned genesis out locationage type with one for most of the way be Traviller, most from providing food was exert, social maintain. Out and Zimel sisked together country furthered vessing nameurs to exemingly understanded outsides to the Carelland Whater did no come from "Mary did no experience accessors this was been Travilled" Whater did no come from "Mary did no experience "Zimela did not come from "Mary did not experience "Zimela did not come from "Mary did not experience "Zimela did not come from "Mary did not experience "Zimela did not come from "All n

Early one mortring when the sun was warm on their backs and warpy trails of met still imposed Zmel porned from the hittop on which they stood gazing scross a green valley toward the distant mountains.

The minus are rust over that about 4 picks sheed in the feethals. We'll get there when the

The mins are just over there about 4 clocks sheed in the footbils. We'll get these when the sum is overhead Ad Zimis looks: that same unway feeling came over him again and he felt the hairs probling on the back of his neck. Puzzied he turned round knowing they were alone on the hilliop wondering why his instincts. Jesually so reliable had stated to let him down.

The stillow first management is leasurity pade along the vally foor proceed wecome relet from the steleties have of the sun and removally their above they guided strough to entigrishly cool were: Timy elser that carried lears and time their bear accord parties minoring exactly that it gloring-caucid movements at mind-stell accordance to consigning their stellar and glorised in the sunshme.

The Traveller's keen eyes studied the rook face but fasted to detect any cave mouth or mine entrance. What he did see was a sense of small, introde carvings, which were instantly therefore for account resem-

"The nunes of The Ancient Ones", explained Zinel "They say....."

The Traveller frowned a warring at Zinel, his expression clearly forbidding further discussion.

of the name.

"Let I self it he seld abruptly changing the subsect and neaching made he backquick in through Cut the remainst of the Carpo meat, coine files that and a files of water from the months of the through the subsect the road formation in front of them is multicoloused to the through the subsect the road formation in front of them is multicoloused in multiplication of the subsect the road formation in the subsect of the subsect of multiplication is subsected to the subsect on surface. It is express that one products of multiplication is subsected to the subsect of the subsect

a magnifiest cause of college of better controlled on the college of the college

The thought integred the Traveller to each a degree that he failed to hotice a cheminancy in the air not far away it was reminiscent of a heat hape but more intense. It was Das who noticed if that She saled uncomprehendingly at the audient distributions in the air Grass bent and ewayed leaves began to blow and saind from the ground lifted and whited about.

The Traveller and Zmel followed Odes transfood gaze in time to see a remarkable metamorphosis Apparantly out of nowhere a machine appeared it resembled a large amony-crev class building and as the image solidized and stabilized it satted on the ground annut 50 metres from where the trip sat. The humming noise which had accompanied as erryel stopped. If Ods expected the Traveller to sump to his feet and urge them to run, she was disappointed He sat impassively and continued to eat as if nothing had happened. The we nell of the number sixt perty here you mell unto only the notion. But temporary within and out of the over experie stephen Gor and Kom, (continued next month)

#### ADVENTURE WRITING WITH AMOS - PART ONE by STEVE CLAY

To benefit fully from this sense of articles you will need to obtain the ADYSHELL program from the and you also need AMOS in one term or another ABhough I am using AMOS Pro. I will ensure that all code is 1.3 compatible. See the Amiga Column for cetails on obtaining the ADVSHELL program.

The senous business of programming an eovernary begins in earnest in part two Tax month I want to look at memory requirements. Part though make a back up of the ADVSHELLIA.

At the top of the ADVSHELL program is the line Set Buffer 26. This line sets easile 2005K.

use of immorp for wealths. The s 10% of wealths. The master is not asset the field of a behavior form from from the control of master is seen to a recommendation of the second of the control of the con

320s200 Lowres & colour uses 24K

320x200 Lowres 16 colour 32K (this is default) 320x200 Lowres 32 colour 40K

640x200 Hires 2 colour 16K

640x200 Hires 4 colour 32K 640x200 Hires 5 colour 48K

If you are using Hires you must decide if 8 extra colours is worth 16K of memory.

If you able the acrean age or mode to the one used in ADVSHILL then you must alter the variable SM in the PRM routine. This applies also if you should find use it awnow. Always, and the variable SM to equal the width of your sorsen or you will get aome strange sorsing and the variable SM to equal the width of your sorsen or you will get aome strange sorsing the property of th

aner the variable SM to equal the width of your soreen or you will get some strange bloking lest.

Next month I'll begin to take you through a mini-adventure which will be the best way of monitoring eventuring you need to write an arrangement ADVSHRIL. Remarkage ADVSHRIL

## NEWSDESK

Deadly Dungeon Price \$2 (disc) \$2.50 (tape) The C64 versions of Water Pooley's advertures are now available, under Sigence - not Public Domain, please see advert, in this sesue for full details.

### News About FSF Adventures

Larry Horsfield has saked if I would be interested in taking over the distribution of the Spectrum versions of his own adventures, and I hope to have this proprized very soon.

## AMIGA COLUMN by STEVE CLAY

Uninstructed of the moment I can only supply on tank More near part month Another month of nothing much I'm shald but here goes with what there is

labor 3 is here 4 dams of the name appeared on the CU coverties and from this I discovered that it looks almeth but seems to comprise of killing thinns and killing more things. This is the impression cannot from the demo and surely the point of a damo is to show you what a came is like. The sound FX in the woodland are creat attrough I doubt the birds would be really so chirply given the various naities that seem to inhabit the woods at every tarm. I have no could that larger face well love this and CLI themselves any it is a near-perfect RPG

Recently I mentioned the game Valhalia, the one where the little bloke taks to you. This is an amazing game that is many more so by the fact that is was propositively using AMOS Pro. 8 a feets of programming like this that should instare all AMOS users and the fact that the possible game of the year was written with an utility is some and of recommendation for the programmer and for AMOS ProSurrome is a German dame set in the future. Set in the aftermath of the Nuclear Holocaust you have to survive and ultimately rule the world. The game appears to shrowe you in progressing food idogs and oats mainly and drink idon't ask: for the vanous lengthy increases eround my harren land. Some of the buildings can be explored and have the old Atta Attac type graphics. Great for strategy tank who don't mind eating does! Mass are releasing a complishon containing Sim Dity Classic Sim Air and Sim Life

According to the adverts. These games will also be available separately on a mig-price label.

Knowlessaye's a PD adventure by Tony Knownii a name I seem to recall from the paper of Probe Using the Lowres mode of screen display the game will look familiar to 8-bit players and there are no pages of text to read There are graphics in the game but I can't really comment on them as I we only played the game in black and white but Tony gives the option to not them of Available from PD houses all over the place or you could win a cook by amening the competition at the and of the column I have recently got hold of Assessins dick 151. On this disk is the game Kritish Incident, You need one med to pary if but when I try to load the trying it returns an out of memory raport. and won't load. I've thed it with workbengh but the same thing happens I have a 1 meg.

ASSO. So if envoice can help me load the thing I'll be most grateful AMOS programming! Right here is what's going to happen. If he putting my Adventure shall program on disk What you need to do to get a copy is send me a FORMATTED disk in a lifty beg with a 25c stamp inside for return postage plus your name and address Til reuse your iffy bad so do sany on the stoky tape or it will end up looking like a road acodent. On the disk you will get the program that will form the basis of tutorials that will begin appearing in Probe. If you can't wat and want to britan make a back up copy of the program first so as not to osetroenvirung year? To load the program load your version of AMOS main the disk containing ADVSHELL and load it as you would a normal AMOS program. The program is heavily commented so more expenenced programmers may find they can make program. The address to apply to in at the bottom of the column after this month a surrier

This month is puzzle being. There are three apples and you take two. How many are you left with? Choose from Knightwoode or the Arriga variation of the Taxman Comets Answers applications and help to Steve Clay 17 Stanlaw Road Elestwere Port. South Wirm! L65 GEY

## HINTS AND TIPS

### DANCES WITH BUNNY RABBITS played on an Amstrad, Spectrum and C84.

When the Index throws you into the lake wear the dress. Fill the pr. during the lake and drop the hashes. A man will self if up for you and remove the concrete block from your leg.

When you find the statue, shoot as nose off then feel in hole for the secret switch Look in the pot to find a dagger then were it at the man.

### DARKMERE played by Ron Rainbird on an Amiga 1200

LIMIT, TWO - A study one: A you wend your way through the forest excellents will arise from given, blocking your path. The beer way to hash them to process or so I found it is to get alongage them and then hack at them Seath for Grandstreer in a tree and talk to him about the password.

You will need get her, of money to pert by wishout Bridge Grandstreer.

To get through the Sosteri Glase, collect pienty of dead rabbits. Malthat lead on an island surrounded by quicklassin From tern you will need to strow an inclusious for which you must get three needs. The Usecome is from less to the East from the Sea position. The Chapter Bones is to the North-west, For the Musthroom Theorie go to the Nymphi in the extreme North-west and the Statem three the South-west.

With the incentation, go to the Stone Circle lying mid-West, speak the incentation and you will be transported to Level Three (more next issue).

## DRAGON SLAYER played on Amstrad and Spectrum (plus Amiga under

omutation)
Set the Gobbin guerds to chase you. Yake refuge in the gap in the wall — when they run past, return to the guard room and MKCDRAFT (i.e. pour fask into grog. Hide in the born, house until the Gobbins are askeep (orugged), it is now safe for you to search them to find 2 useful

objects. The wooden key is a red berning.

West the goalsion as prosection when in the joy sunnels. There is a piece of rotting flesh accessivent in this smart. The flesh will keep the applier busy white you go west.

Try to go west from the dragon's last so that if breathes the and creates a creck in the wall Squeeze through the creck to meet an Eff Say held to discover who the is. Tell him what he work to know and show him proof that you have met a centari eff You will be rewarded with a range rope.

Throw the rope to reach a ledge high in the lair Load the crossbow aim it a' thir dragon train fire. Search the treasure to find a medallion.

Examine the scroll wear the medalion, read the scroll and read the filtine incarration for the medal to glow. It is now sale to go north to finish the game.

#### THE EXTRICATOR played on a C64 & Spectrum (plus Amiga under emulation)

Valous sector - explore around and collect something from the fixing the shall the hearth

Kill the guard with the laser and get his wrist watch which is e form of security identity when wound and wom Lise the remote control to lower the ladder to access the nerve centre of the computer

## name

GERBIL RIOT OF '67 played by Damian Steele on a PC To pass - The Vampre ...... CILRAG EHT TAE

> Coremén . . . . NROH BHT WOLD Retman ERUTOP EHT MIH WOHS Element P TOHW Guerd ...... STBM HTW MH EBRS

#### The Bush HOTAM EHT HTW TI NRUE JADE STONE played by Jenny Perry on a Spectrum (also on the Amstrad and Atari but may vary slightly)

Tear the pethopal and use nies elbendage

Sit in that comby chair Se immune to Cermon s charms

have the maunuscript sword meet logs southe incense money tinderbox, ring and casket before you pour the powder on the pool

The love make good stending-stones on uncertain ground - op carefully

The baby needs gentle movement incense the bear

A musical matrument will open the gates

Those paners look interesting If you down your enter at Majumo it doesn't have much effect by destroying the power perund the throne

#### ISHAR 2 Pt.6 played by Ron Rainbird on an Amiga

Having arrived again on Asser's Island, take the left way, following the wall and point North As soon as you led a draught look for a higger door going North Nert watering until a flooded area is reached You will enter a Misze but If you keep heading North you will soon he out of it. The more you now find yourself in has three Sowers

But 3 550 come into the first two, then go back through the maze when you will find that the previously flooded area is now bone dry Go South-east we a second passage at the end of which in an underground tunnel Going through this will bring you to a more at the South-east and of which is a handle. Don't be afred in buil of Go to the North-west end to find treature. Naturally you will take it. I hope that you are wearing the Air Bements! Pendani otherwise you are going to be in trouble Go Northwest and take the first sait on the note. Kill off the various unstead beings that abox you (Magic spells are the best weapons. Go to the and of the passage where you will find a Skull to the South Pick if up Back up to the North and go East. Somewhere along here is another breath of colo air denoting a hydren deer to the South, Go through it to find treesure and another Skull Take at Go back

through the door and head East, Lots of invisible doors here so to travel East keep watering and wells. Several of these investile doors laad to venous treesures, heep returning to the passage until you arrive in a prison. Go East until you meet a Lion Guard. He is a bit of a trunker on try to kill him quickly. Then carry on to the Eastern and of the passage. Use the mean key which should be in your passession. This will unlock all the cells in the prison. Go beck West, Leok out for the musible doors by taking note of draughts. A blind pri is locked in one of the cells lathrough the cell is now unlocked, and it is appointed, according that you recruit her at the axpense of the weakert member of your Party - it is up to you Now on to the second call from the South to the West. An invelble door is here. Go through until you come into a wast room which is cursed here one or more of your Party will become eyi so be prepared to cast a Curse-lifting age! In the middle of the room is a living Sword - an invaluable possession - so over n to your best flotter. Go to each wall and inspect it and click on the well plates. You should find lots of trassures. After a" that so South-east from the room, avoiding the hooks that hang from the ceiving. Go to the passage to the South Upon reaching the gride at the end, release the Monkey - you will have it don't you? - and weigh him do the necessary Doen the grille and go to the Landing Stage board your boat but don't think you are leaving this island it is doing to be a short top back to the Formers Fritzance, (more next sesue)

## LEOPOLD THE MINSTREL played by John Schofield on a Spectrum

128K (also PC under emulation) The nesswords are Flamence Alpanoes Turkey and Armadillo

Letter in the Tower. Hit the man search him be and gag him You'll have to tell a lie to get Gave the dwarf some boots then ask him about the Pillar provided you can understand him

Seen house to the Polar it will then halo with Did ne Wood and the Gurole Shoot the Gurgle to floor ri, then your liaming award. The Piller knows the Yet's name

#### LORDS OF CHAOS played by Damian Steele on a C64

LEVEL 1. The Many Coloured Land. Get the hang of posters and basis spells on the level. Ingredients are psentitu.

Pick up empty vials and fill them from your cauldron for later use

Centaurs can move long distances and seck things up but keep them out of battle as twey are durin water.

Collect Chieff and door keys. The locked foom contains locked chieff which holds valuable treasure.

### LYCANTHROPY played on a Spectrum (plus Amiga & PC under

emulation)

Destroy the pepyrus before you enter the cage. Search the reathers to find something useful.

Go up the rope to see an important word.

There is more to the whereing than first appears - so examine and search eventuring.

Be very quick to leave with the broken dulctmer (and togal before the ministre' reclaims it. Do not return until you have repaired it and

Asi, Zadok about many things.

You need 2 even idned result: the transfers root and well day to consume up an operation.

You need a give name result, the manches tool and we cay to conjust up an operation french who will help you pass the Sestand. Synchronize the abacus with the bine on the sundial and then put it somewhere for a bit of massic.

Tell Ambrose your troubles and he will assue you and also pay your boat fare Asset the "boy" to return to his true form.

Tile alone to a tree stamp to get down to the bottom of the cred then retrieve the box the merchants were enguing about.

MINES OF LITHIAD played by Barbara Bassingthweighte on a Spectrum (plus Amiga & PC under emulation), Atari and C64

The well bucket has holes in it, so to get water put the jug inside the bucket. 
Was by the river near the fallen tree for a space.

Fill the next seth and, Sain the read water and use the akin as a serk.

To note the guant buffer accounts the lake: plut everything into the skin: wear the akin: then jump onto the turne. When you get datoured examine the bed, wear the uniform their shoul = a.

In the guardnoom by closed door – your and into look
In eight-sided from – examine night and swap eggs
When ercogning from the Oros after evapourite eggs – elemp down horst and hide. Don't forget

MELTDOWN played on a Spectrum (plus Amiga & PC under emulation)
Wat on the beach until the child drops the bucket land special; it may have been denourous

Examine the cleaning to find something you threw away earlier

Look in the box to find a light source - it has a very short life span

Don't go through the hedge until you are ready because you have only the correct number of values to collect the root, and than SDCR PSASTURS them into the lead box.

To finish - ramember the phone call

ORB OUEST played on a Spectrum and Amstrad

At the start, thoroughly check your inventory

The capture wants payment for your passage to Ministemp before he will allow you to move. The gypsy will tell you who to seek

You don't have any money to buy ale so it is a good job that the first one is free

Despite the temptation to on near the dwarfs or men, at by the group of ladies to overhear some useful information.

Don't barge into an occupied room, be petient and the lady will leave for a white Hide under the bad but ensure the landerd's wife obesn't realize you have entered the room.

The only way I could retain the neckace whilst escaping from the lavern was to HCUOP NI ECALICEN PORD (at least in the Spectum version I played.)

Self the neckace so that you can only a few essential intern. The small stall has some likely mem, choose weak? — the obsesse one mit always the best buy.

SOLVALDOL-X played on a Spectrum

At the manor house ascape by dwing through the heage

Disable the alarm before anishing the house DNUORA KOOL, in the Botsnick! Sardens Histokia cer and chase the sloop, then ram it when you are close enough.

Here a haliyet to get to the reland.

NARATNA YAS to the robot in the occapinal room.
You need the password from the note on the body to get past the fix.
Use the granuale to get past the security device on the searond.

LODLAYLOS WORKT at the Impediation.

#### TASS TIMES IN TONETOWN played by Dorothy Millard on a C64

In the Log Cabin, go to the lettern examine the countrient check the jar Go to the hallway, and unlook the door in the isopratory check the halloowl and get the guitar bicks (Tonetown ownship);

Throw the awitch on the generator then error this hoop. In the Jettras Salon, get your hair done and then go to the Clothing Boutque, and get some new clothes to become "this become "the contract of the c

Go to the Tonstown Times and read the newscaper after the office and talk to the edsor to get an assignment. Get a pass from the computer before leaving in Snat Pets, buy a bloco then go to Pary, Supplies Shop for a bleck mask.

#### THEME PARK USA played on a Spectrum (plus Amiga & PC under

emulation)

Catch the red devias in the sar

To grow the pahls you need to plant the tuber and peliet using the trows. then pour water often and was for it to grow.

As whall to the rabbit then STENALP YAS, Remember what you see when you examined.

the hat. Use the my to get not of the fistor dog, but be careful not to be foliately duriself. ETALP TA REDLUCB WORNT to prevent being crushed by the block.

Don't forget to return extending before you leave the park.

WIZARD QUEST played on a Spectrum (plus Amiga under emulation)

In the Trolle case, and the Effic "feofil" the cheef Use the dynamic as a borch but be sure to

extinguish it before it explodes
You need the arrapolina book to help you climb the cliff.

The Orcs are tough opponents but you can loll them at a cost to your health.

A charm will protect you when you meet the Vampre. You must get one of your Pany to behead him then you chould reduce him to ashes - the Vampre not the companion! If the roop--holde collaborate, you are current foot many firms.

#### WYSIWYG played on an Atari

You went up the ladder, et go down the enake!

Ramember the song about magnes – one for comov, two for loy, so fir to get the mirror to fool the collarly magnes are thinking it can see another. Now remember what Alice told you on the train You should now be able to find a quotest and yellow model.

Give a little whether for a dog to appear. —make eure if isn't at one particular location. Give the orgin dirth and it will drop a blue buil.

Charles has purple bustons on his uniform! One will pop of if you can ow her its make it.

udden movement

CHAMPIONS OF KRYNN Pt. 16 played by Ron Rainbird on an Amiga KERNEN BASE - THE FINAL ASSAULT

Map Ref. 1st fig. read left to right. 2nd fig. read top to bottom. Several random encounters not too many but very hard.

The final battle. Very year, fough? Try using Hastle spells. Ensarps and any protective against fire spells before entering battle.
 The saura Room, Get this Gauntets of Core Power and maps: 2-handed sword. You

may rest here for a short time 4-2 . Decisive before with Myrtan: This must be won before commencing the final outlie

9 - 2 Library contains racipe for necessary potion to per by the Guardians

11 - 2. Laboratory. You can make the above potion here but you must learn the recipe first. 4 - 3. The Guerdian.

8 - 3 Encounter with Directoriens
4 - 4 Denoerous Bott with human spellcasters

7 - 4 Inner guard poet.
11 - 5 Martani's Badroom: Use LOOK to find a key for opening the regime book in the

Library

4 - 6 Passage to Myman's Refuge guarded by Dragon Master and young Dragons
Another south field but you will get more marical weatons.

6-7 and 7-7 Guard poets MAGIC ISLE played by Joan Williams on an Amiga (under Spectrum

amulation)
Fit a shoe with water - twee

The stit has more than one use.
The gounts is needed three times.
Grow the seed in the right place and don't forget to water it.
The mace light can be used under water and is thivetable.

REVENGE OF THE SPACE PIRATES played by John Scholiald on a Spactrum

Spactrum

Have a close look at the panel for the correct tuning code

Don't leave the met and rope lying about overright.

Check the weer from your window on Windfreeding

You's need 3 days ealary to pay for the crystal turning

BATTLEFORCE played by Joan Williams on an Amiga (under Spectrum
emulation)

Chew gum stick gum on hanger Bend hanger Fire gun at bars

Insert card to anter the train and again to litave if

#### BLACK CRYPT played by Mary Scott-Parker on an Amiga LEVE\_2 13.18 Real then AW 25.5W

04.17 Get laggings. Push lever (seleports to 15.18.2). 15.18 Face East and proceed.

22 10 Open door 25 10 Get coffer (3 potons strength healing cure posson)

25:10 Set coffer [3 potons strength healing cure poson] 14:09 Push lever [passage opens at 18:09] 15:05 Wat by true [ obsercor at a virtue! Wall disappears in 2 states [3 thurst.]

STAGE 1 (after 1st thud)

LEVEL 1

20 03 Open door

28 06 Get Scroll of Life Return to 15 05 and war. STAGE 2 (after 2 trude)

15 05 Go West then South at 12 05 10 03 Push laver

07 02 Gat War Hammer 03 03 Push sever (seeports to 14 13) Return to 15 05

STAGE 3 (after 3 thuds) 15.05 Go West than North at 10.05

10.06 Open gate 02.04 Get tables of Runerak

05 09 Push button and turn and kill moneter 02 11 Get chest [contains square key to door at 06 09 1] 04 14 Enter haze without pushing lever (to 06 09 1)

06.09 Open door with square key 04.09 Enter haze (saleport to 18.04.1) 16.00 Get Necromancer guide Ogrebiade - Remove Trap Scroll

18.06 Get Necronancer guide. Ogneblade – Remove Trap Scroll. 15.04. Enter haze. 05.19. Gere Ogneblade to Righter: Cast protective spells on front two and make sure they are.

wearing all available armout. Give strength potion to Fighter: Face West and go adeways [left] down stars. Wask Ogre and exist the right immediately receal each title award is ready until Ogre is dead. Get the Emerald Key. Drop Ogrebiacle. (EVE). 2

04.23 Enter room 02.24 Gen Teleport Scroll 01.24 Gen Storm Wand (don't use if yet) 13.23 Open door with Emeratic key 17.24 Gen Prayam of Onin Island
